

Seasonal Greetings

Merry Christmas **& Happy New Year**

Dear Friends and Partners

As 2025 draws to a close and the festive season beacons, we pause to honour the journey we've shared and the powerful connections that sustain our collective vision for gender justice and equality. In concluding the final year of our 2021-2025 Strategic Plan, "**Shifting Power Collectively**", we celebrate bold feminist milestones that have deepened our movement's roots, extended our reach across Tanzania, and elevated feminist leadership in ways that will resonate for years to come.

Now, as we prepare to launch our fifth **Strategic Plan for 2026-2030**, we do so with renewed commitment and clarity. Our work has never been only about resourcing – it is about nurturing courage, sharing power authentically, fostering growth where it matters most, and strengthening the feminist consciousness that lights the path toward lasting transformation. Together with partners like you, we are building something profound: a model of social and gender justice that centres feminist values and practices.

We are deeply grateful for your partnership and solidarity. To those who have walked with us through challenges and celebrations alike, who have believed in the power and agency of women and girls to bring transformative change, and who share our vision of a Tanzanian society where every woman and girl realises their full potential and engages fully in the transformation of their communities to achieve empowerment and social justice, we say thank you!

As we step into 2026, may the season ahead bring you rest, renewal, and joy.

In solidarity!
